

April 1, 2024

To Our Valued Customers:

We hope this letter finds you well. We appreciate your continued partnership through 2023, a challenging year for most of us. As part of our commitment to providing you with top-notch services, we wanted to inform you of an upcoming adjustment to our trucking rates.

After careful consideration and a thorough analysis of our operating costs, it has become necessary for us to implement a modest increase. The adjustment will allow us to maintain the high level of service you expect from us, including timely service, and reliable transportation.

A GRI of 4.5% on all ground trucking services for line haul will take place April 1, 2024. We will not be implementing an increase on any of our cartage at this time for final mile.

We understand that any rate adjustment may have an impact on your budget, and we want to assure you that we have strived to keep the increase as reasonable as possible while still ensuring the sustainability of our services.

We sincerely appreciate the understanding and continued support and partnership. Thank you for choosing Accelerated Inc. as your preferred ground trucking provider. We look forward to continued partnership with you for many years to come.

Sincerely,

Ryan Connor | Accelerated Inc. | Vice President | Cell: 629-333-8554
