How To Ensure Cookies Are Enabled In Internet Internet Explorer

1   **Run A Browser Check In Internet Explorer** ☐

1. Launch Internet Explorer
2. Go to this website: arecookiesenabled.com/

If you see a red "No", your cookies are not enabled, and you should continue to step two below. If you see a green "Yes", your browser should be accepting cookies.
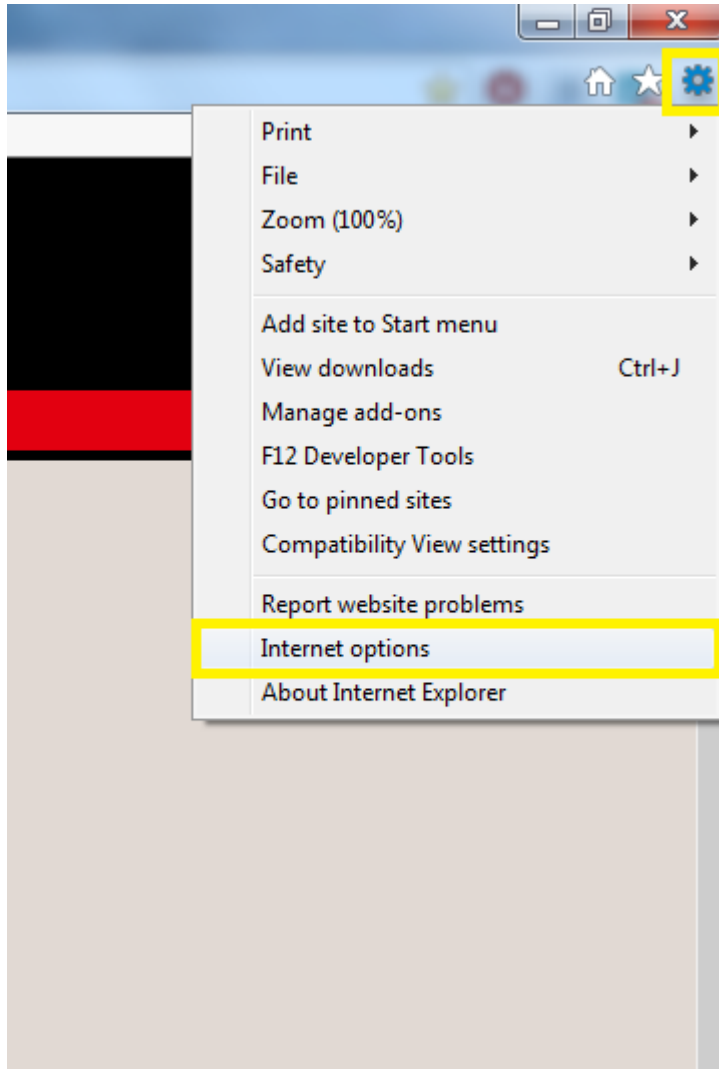

Are Cookies Enabled?

<u>No</u>
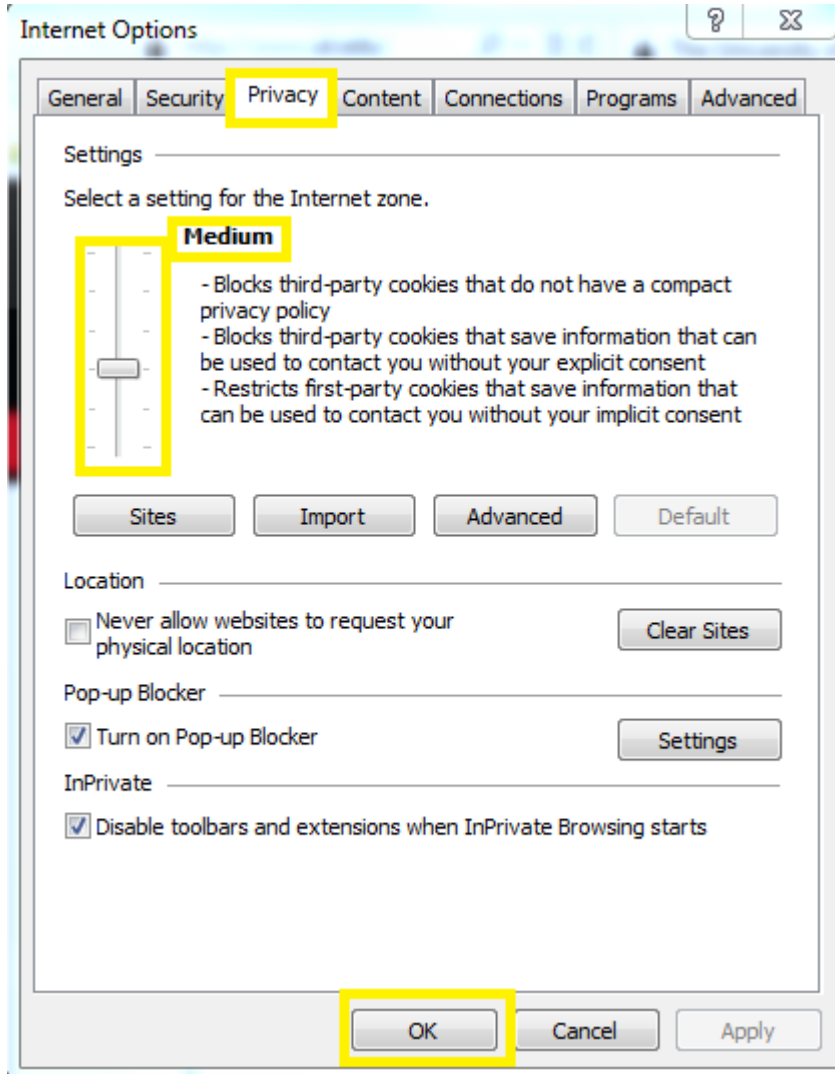

Your cookies are not enabled

2 **Click The "Cog" In The Upper Right And Select
"Internet options"**

3 **Click The "Privacy" Tab, Adjust The Slider To The "Medium" Setting, And Click "OK"**

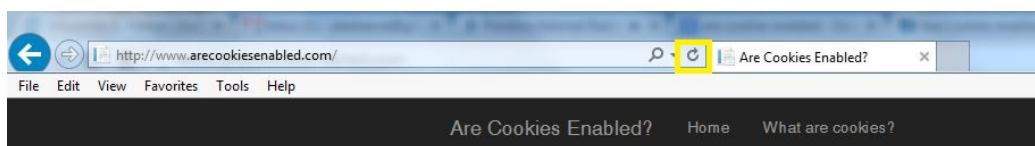

---

4 **Refresh The Page By Clicking The "Refresh" Button In The Browser Bar**

The page should now display a green "Yes". If you see this, your browser should now be accepting cookies.

Are Cookies Enabled?

Yes
